

REMARKS

The Examiner has required an election in the present application between:

Species I, Claims 2, 3, 5-7 and 24, drawn to a display rotation mechanism having a cam and position adjustment opening;

Species II, Claims 8-10, 12 and 13, drawn to a display rotation mechanism having bearings; and

Species III, Claims 14 and 16-23, drawn to a display rotation mechanism having gears to reduce transmission load.

For the purpose of examination of the present application, Applicant elects Species III, drawn to a display rotation mechanism having gears to reduce transmission load, without traverse.

Claims 14 and 16-23 are directed to the elected species. As acknowledged by the Examiner, no claims are generic.

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Charles Gorenstein, Registration No. 29,271, at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.
